The Briley Brothers The True Story Of The Slaying Brothers Historical Serial Killers And Murderers True Crime By Evil Killers Book 8

The Briley Brothers: the True Story of the Slaying Brothers
You Think You Know Me
Unabomber
The Afterlife of Billy Fingers
The Arrests And Murder Convictions Of The Briley's Gang
The Night Caller, The Nedlands Monster, and Eric Edgar Cooke, are the names used to describe one of the most brutal serial killers in Australian History. Over the space of 5 years, he not only murdered 8 people, he also attempted to murder 14 others, because he just wanted to hurt people. Was he crazy? Nobody was safe from Eric Edgar Cooke. He was an opportunistic killer, selecting victims randomly. Whoever crossed his path during those hot humid nights would fall victim to his variety of killing methods. You were not safe in your homes, or walking down the road at night. This serial killer biography will delve into the life and eventual execution of Eric Edgar Cooke, the last man hanged for murder in Perth, Western Australia. The deeds of Eric Edgar Cooke created fear and horror in the people of Perth. The true accounts from the survivors will show you how they lived through this Australian true crime. If you are a lover of serial killers true crime, you will be enthralled by this investigative book. You will discover how it is that he could get away with his crimes for so long. Why is it that the detectives thought he was just a likeable rogue and petty thief? Discover how one man could change the lives of an entire town and become a bogeyman character for decades after his death. True crime murder doesn't get more complexing or bewildering as the story of Eric Edgar Cooke.

Chris and Nancy
Bring your love of true crime into the kitchen with meals ranging from the bizarre (a single unpitted black olive) to the glutinous (a dozen deep-fried shrimp, a bucket of fried chicken, French fries, and a pound of strawberries), inspired by Ted Bundy, John Wayne Gacy, and other notorious death row inmates. The perfect gift for murderinos and true crime fans, The Serial Killer Cookbook: Last Meals pairs serial killer trivia with the recipes of the meals these killers ate during their final hours. With full-color photos, chilling true crime facts, and easy-to-follow steps, you'll be cooking up killer meals in no time. This collection of recipes is both delicious and surprising, and spans breakfast staples to indulgent desserts, including: Seared Steak, Hash Browns, Toast, and Fried Eggs (given to but not eaten by Ted Bundy, serial killer) Chicken Parmesan and Alfredo Pasta (eaten by Ruth Snyder, murderer) Justice, Equality, and World Peace (eaten by Odell Barnes, murderer) Mac and Cheese (eaten by Gustavo Julian Garcia, murderer) And much more!

The Arrests And Murder Convictions Of The Briley's Gang
In the very depths of the human soul there is a darkness. It is an entity which most of us may never get to know; for others, however, this darkness grows for years until it takes hold of them and permeates every inch of their body. This darkness is evil incarnate, and it is in the hearts and minds of some of the most dangerous and despicable human beings to have walked this same earth we live in today. Sometimes it can manifest as the desire to dominate the weak and the less fortunate; in others, it becomes an uncontrollable need for violence and death; another group turns this evil into pure hatred for those that they do not agree with, transforming dislike into the desire to spill blood. Regardless of which group we are talking about, there are many of these individuals who soon evolve into the most deadly kind of monster: the serial killer. In the following volumes, you shall discover the stories of six murderers so tainted by darkness that their horrific accounts still bring fear to men and women of our present day: Edmund Kemper, the Co-Ed Killer, whose victims were mostly young, defenseless students. The Briley Brothers, three siblings who were as mentally unstable as they were bloodthirsty. Christopher Wilder, serial killer who mercilessly killed in two different continents. John Christie, who lived a double life while killing cruelly and indiscriminately. John Haigh or The Acid Bath Murderer, whose methods of disposing of victims made him infamous. Joseph Paul Franklin, whose racist hatred fueled him into a deadly "cleansing of the world," according to his own claims. So open the pages of the volumes in this Serial Killers True Crime Box Set now, and begin exploring these tales that have been forged with the essence of hell itself - you may soon realize just how deep evil can plant its seeds within a human being.
**Original Gangster**

Murderino - Here is a coloring book made for you. Where horror meets reality! This unique coloring book features notorious deviants and blood-thirsty human monsters who shocked the world with their dastardly deeds. Pick up your favorite crayons or coloring pencils and sink your teeth into the world of infamous serial killers today!

**Cry Freedom**

Thomas Jefferson developed the idea for the Virginia State Penitentiary and set the standard for the future of the American prison system. Designed by U.S. Capitol and White House architect Benjamin Latrobe, the "Pen" opened its doors in 1800. Vice President Aaron Burr was incarcerated there in 1807 as he awaited trial for treason. The prison endured severe overcrowding, three fires, an earthquake and numerous riots. More than 240 prisoners were executed there by electric chair. At one time, the ACLU called it the "most shameful prison in America." The institution was plagued by racial injustice, eugenics experiments and the presence of children imprisoned among adults. Join author Dale Brumfield as he charts the 190-year history of the iconic prison.

**Cotton Tenants**

The book analyzes the multifarious exchange of algorithmic technologies and concepts between the military and the media industry from the early 1990s until now. Unlike most related scholarly work which focuses on digital games, it drafts a model of programmable media which is grounded in a close-reading of the key technologies, most notably the paradigm of object-oriented programming, and reconsiders technical disciplines from a humanities perspective. This model is then applied to analyze the effects of algorithmic logic on the military-civilian continuum, including economic practices, patterns of media usage and military decision-making.

**A Wishbone Come True**

John Briley is the award-winning script writer of Ghandi. He has worked with Attenborough and Woods to write a first-rate screenplay for the film "Cry Freedom" and this novelisation of that.

**Christopher Wilder**

Richmond, Virginia: On the morning of October 19, 1979, parolee James Briley stood before a judge and vowed to quit the criminal life. That same day, James met with brothers Linwood, Anthony, and 16-year-old neighbor Duncan Meekins. What they planned-and carried out-would make them American serial-killer legends, and reveal to police investigators a 7-month rampage of rape, robbery, and murder exceeding in brutality already documented cases of psychopaths, sociopaths, and sex criminals. As reported in this book, the Briley gang were responsible for the killing of 11 people (among these, a 5-year-old boy and his pregnant mother), but possibly as many as 20. Unlike most criminals, however, the Briley gang's break-ins and robberies were purely incidental-mere excuses for rape and vicious thrill-kills. When authorities (aided by plea-bargaining Duncan Meekins) discovered the whole truth, even their tough skins crawled. Nothing in Virginian history approached the depravities, many of which were committed within miles of the Briley home, where single father James Sr. padlocked himself into his bedroom every night. But this true crime story did not end with the arrests and murder convictions of the Briley gang. Linwood, younger brother James, and 6 other Mecklenburg death-row inmates, hatched an incredible plan of trickery and manipulation-and escaped from the "state-of-the-art" facility on May 31, 1984. The biggest death-row break-out in American history.

**Lethal Allies: British Collusion in Ireland**

What can drive a young and seemingly innocent child to kill? Murder is horrible enough when perpetrated by adults, and yet the concept takes on a whole new level of chilling morbidity when a murderer is revealed to be a young boy or girl. Is it the result of severe trauma manifesting itself in the most macabre of ways? Is it the progeny of some severe mental disorder? Or were they influenced by the actions of the people they grew up with? Most of the time, the answers to such a question are simple but no less horrific. Eleven-year-old Flora Bell was tried and found guilty, in 1968, for the coldhearted murders of two very young boys - crimes which she committed without any hint of remorse. After her past and motives have been examined, hindsight asks the pressing question: Had Mary being a victim herself turned her into a killer? In this brand new expanded edition, the author sets out to discover what really happened to turn young Mary into an infamous killer. In addition to the previously printed material, you will find an all-new introduction and chapters filled with the author's never before published in-depth study into what made Mary angry enough to kill and her life after the crimes. From the details of her murders to the dark childhood she suffered, Mary Flora Bell's short, but horrific, time as a child serial killer will be analyzed in detail within Mary Flora Bell: The Horrific True Story Behind An Innocent Girl
Serial Killer. Get your copy now and learn the tragic nature of a good girl gone bad and her road to redemption.

Paul Bernardo and Karla Homolka

Of all the many psychopaths and sociopaths that have hunted for human victims throughout history, few have been more disturbing or mysterious than Christopher Bernard Wilder - the beauty queen killer. From the middle of the 1960s until 1984, Wilder sexually assaulted countless women and murdered at least nine in Australia and the United States. The beauty queen killer was not only a true psychopath, but also a hunter as he carefully chose attractive girls and young women to victimize. But Wilder was no creepy looking killer; he was an attractive, articulate man who used a camera and offered to a modelling career to get his unsuspecting, naive victims to remote locations where he would then rape, torture, and ultimately kill them. Among serial killer biographies, Wilder's is a cautionary tale. First as a juvenile and later as a young man, Wilder was arrested on numerous occasions for sexual assaults in both Australia and United States; but he never served any time behind bars due to technicalities, witnesses refusing to testify, or the judges showing sympathy towards the beauty queen killer. When one considers some of the better known American crime stories from history, many red-flags are apparent that point towards the future criminal potential of an individual: for Wilder, the flags were bright, crimson, quite large, and difficult to avoid, yet were ignored by his friends, family, and the authorities. Christopher Wilder's saga is therefore not just a true crime murder story, but also an unfortunate example of how the system can fail to protect the public from a known sexual sadist. Open the pages of this intriguing book and read the story of an American serial killer who had it all: looks, money, and beautiful women. But as this captivating true crime story will reveal, nothing was ever enough for the beauty queen killer as he killed his way across the United States in order to satisfy his sadistic lust. Aspects of the Christopher Bernard Wilder story will disturb you, but at the same time you will find it difficult to put this serial killer biography down because you will be drawn in by the FBI's hunt to capture the elusive criminal.

Murderous Minds

The Benoit murder - suicide in 2007 was one of the most shocking stories of the year, and a seminal event in the history of wrestling. It laid bare the devastating prevalence of steroids and its effects on users. In order to tackle the whole story, dig up the facts, and connect the dots, Irvin Muchnick gives the most sensational scandal in pro wrestling history the full true - crime treatment in Chris & Nancy. Muchnick - the author of Wrestling Babylon and a co - author of Benoit: Wrestling with the Horror That Destroyed a Family and Crippled a Sport - has parsed public records and interviewed dozens of witnesses, inside and outside wrestling, to put together the first thorough and authoritative events of the gruesome June 2007 weekend in Fayette County, Georgia, during which World Wrestling Entertainment superstar Chris Benoit murdered his wife Nancy and their seven - year - old son Daniel, before proceeding to kill himself. But this book goes beyond the crime itself to answer some of the most important questions behind it. The biography of Benoit, a wrestler's wrestler, makes it clear that his tragedy was a microcosm of the culture of drugs and death behind the scenes of one of North America's most popular brand of sports entertainment. The author probes the story of the massive supplies of steroids and human growth hormone found in his home - all prescribed by a "doctor to the stars" who got indicted by the U.S. Drug Enforcement Administration, and all dismissed by a WWE "wellness policy" that promoted everything except its talent's wellness. The Benoit case led to unprecedented scrutiny of wrestling's overall health and safety standards, by Congressional investigators and others, and this book is the primary source of what they found and what they should continue to look for.

The Toolbox Killers

In the fall of 1994, Erich Baumeister (13), was playing in a wooded area of his family's estate, when he stumbled across a partially buried human skeleton. He presented the disturbing finding to his mother, Julie, who inquired about the skull to her husband, Herb. He told her that the skeleton belonged to his late father, an anaesthesiologist, who used it for his research. He said he didn't know what to do with it, so he buried it in the back garden. Astonishingly, Julie believed him. Over the course of eighteen-months, Julie became increasingly concerned and even frightened by her husband's mood swings and erratic behaviour. In June 1996, whilst Herb was on vacation, she granted police full access to her family's eighteen-acre home. Within ten days of the search, investigators uncovered the remains of eleven bodies. Once news of the findings at Fox Hollow Farm was broadcast, Herb disappeared. He was missing for eight days when campers eventually found his body inside his car. In an apparent suicide, Herb had shot himself while parked at Pinery Park, Ontario. He wrote a three-page suicide note explaining his reasons for taking his life, which he attributed to his failing marriage and business. There was no mention of the victims scattered in his backyard. Herb Baumeister would later be alleged to have killed at least nine more men along the Interstate 70 between Indiana and Ohio, and coined the "I-70 Stranger." It is entirely possible that he was one of the most prolific serial killers in history, but because of his perpetual cowardice in the face of scrutiny, the world will never know. In You Think You Know Me, bestselling author Ryan Green assumes the role of Herb Baumeister and attempts to fill in the blanks on one of Indiana's most mysterious serial killers. CAUTION: This book contains descriptive accounts of sexual abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further.

Man-Eater: The Terrifying True Story of Cannibal Killer Katherine Knight

Lawrence Bittaker and Roy Norris, the Toolbox Killers, brought a level of terror that changed the way people carried out their daily lives. It was a time of innocence in California, where young girls could walk the streets or hitchhike along the freeways without a care or concern for their own safety, day or night. But that innocence and trust were to be shattered as five girls made the fatal mistake of accepting a ride from Bittaker and Norris. What started as a chance meeting in prison of these terrible men resulted in a murder spree that was planned right down to the finest details. They knew the type of victims they wanted, how they were going to-abduct them, and what they were going to do to them. And they did everything they could to make their depraved fantasies come true. This true crime book includes chapters that explore the psychological make-up of these killers, and factors that may have influenced their twisted minds. How could these men inflict such horrific pain and suffering on their victims, and get away with it until five victims are left dead and scattered in a desolate canyon? What would have happened if Bittaker and Norris had never met? These famous serial killers were organized and sexually sadistic, and were responsible for some of the most horrendous true murders involving unimaginable torturous history. This is one of those true crime stories that will make you question humanity, and look twice at
Robert Berdella: the True Story of the Kansas City Butcher

Harold Shipman - The True Story of Britain's Most Notorious Serial Killer
The man on the cover of this book looks like he could be anyone's grandfather. It's easy to imagine him doting on his little grandkids, reading them stories from his lap and letting them play with his big, bushy beard. If you were told he was a doctor, I bet you'd imagine he was a good, kind and gentle one, with an easy, affable manner and deep care for his patients. Harold Frederick Shipman certainly projected all those qualities, but only so that he could hide the evil that lurked deep inside. Shipman abused his trust and used his position to kill - no less than 218 of his patients found their end at his hand, making him the United Kingdom's most prolific serial killer by a long shot. This book tells Shipman's story, from his childhood under a domineering mother to his pathetic death in a prison cell. It will put you in the perspective of those who lived and worked in proximity to him, showing you the considerate but sometimes haughty doctor he presented himself as before taking you through the process of wrenching off that mask and uncovering the full extent of the evil festering within. We will make a study of the man's possible motives and close with a look at the systemic failures that allowed him to kill and steps taken to make sure nothing like his murderous spree ever happens again. Scroll up and click on the Buy Now button at the top of this page and begin to look into the life and mind of the ultimate human paradox: the healer who kills 'Doctor Death'.

Lady Killer Coloring Book

A true story, this fascinating page-turner demystifies what happens after we die and will forever change your views about life, death and the hereafter. Annie Kagan is not a medium or a psychic, she did not die and come back to life; in fact, when she was awakened by her deceased brother, she thought perhaps she had gone a little crazy. In The Afterlife of Billy Fingers: How My Bad-Boy Brother Proved to Me There's Life After Death, Kagan shares the extraordinary story of her after death communications (ADC) with her brother Billy, who began speaking to her just weeks after his unexpected death. One of the most detailed and profound ADC's ever recorded, Kagan's book takes the reader beyond the near-death experience. Billy's vivid, real-time account of his on-going journey through the mysteries of death will change the way you think about life. Death and your place in the Universe. In his foreword, Dr. Raymond Moody, author of Life after Life, explains the phenomena of walkers between the worlds, known to us since ancient times, and says that Dr. Kagan's thought-provoking account is an excellent example.

Virginia State Penitentiary: A Notorious History

Farmers, shopkeepers, publicans and businessmen were slaughtered in a bloody decade of bombings and shootings in the counties of Tyrone and Armagh in the 1970s. Four families each lost three relatives; in other cases, children were left orphaned after both parents were murdered. For years there were claims that loyalists were helped and guided by members of the RUC and Ulster Defence Regiment. But, until now, there was no proof. Drawing on 15 years of research, and using forensic and ballistic information never before published, this book includes official documents showing that the highest in the land knew of the collusion and names those whose fingers were on the trigger and who detonated the bombs. It draws on previously unpublished reports written by the PSNI's own Historical Enquiries Team. It also includes heartbreaking interviews with the bereaved families whose lives were shattered by this cold and calculated campaign.

Joseph Paul Franklin

Under the direction of the Israeli secret service, a beautiful American spy marries a rich Saudi, but when the Mossad calls her to action, she is torn between duty and a new-found love for her husband.

Serial Killers

What goes on in the mind of a murderous killer? What is it about some people that lead them to commit murder? Is there something that is different or is it simply a switch that gets turned? Murderous Minds: Stories of Real Life Murderers that Escaped the Headlines offers a look into the lives of individuals who become didn't just become killers, but who managed to avoid the media storm that usually accompanies them. Inside, you will read about people like: Sante Kimes, a sixty-five-year-old mother who was driven by greed and who committed multiple murders with her son Robert James Acremant, the MBA graduate who murdered three people in order to continue getting lap dances from a stripper that he became infatuated with. Joseph Paul Franklin - no less than 218 of his patients found their end at his hand, making him the United Kingdom's most prolific serial killer by a long shot. Once We Were Brothers

Tells the true story of how a cold case murder of a babysitter in 1964 Nashville was finally solved when a private citizen stumbled upon a secret file related to the case.

Serial Killers True Crime Collection: 6 Notorious True Crime Murder Stories

The Ultimate Collection of Serial Killer Trivia for True Crime Fanatics This bloody and completely true trivia collection will horrify and intrigue readers, with answers to questions like “What was John Wayne Gacy’s last meal?”, “Which serial killer was captured because of a bloody footprint left on his victim?”, “Who was the FBI agent credited with coining the term ‘serial killer?’” and “How was one mass murderer able to get away with selling his victim’s skeletons to medical students?” Perfect for any murderino, true crime junkie or connoisseur of macabre tales, this fact-packed book quizzes readers on their true crime knowledge and offers fascinating stories of well-known murderers as well as lesser-known, but just as nefarious, killers. You’ll be surprised at how many fascinating tidbits you’ll learn about the world’s most cold-blooded and dangerous people.

Mary Flora Bell: The Horrific True Story Behind an Innocent Girl Serial Killer

Soon to be a major motion picture starring Michael Shannon, Winona Ryder, with Ray Liotta and Chris Evans He was smart, merciless, and deadly. And it took someone just as tough to bring him down. A mob contract killer known as “The Iceman” for hiding a body in an ice-cream truck freezer, Richard Kuklinski boasted a personal body count of more than a hundred victims. Using guns, knives, poison, ice picks, tire irons, baseball bats, and bombs, the family man from New Jersey killed for fun, for money, to cover up his own crimes, and to satisfy his inner rage. Law enforcement officials knew all about Kuklinski and had a list of his victims, but couldn’t get near him—until undercover agent Dominick Polifrone posed as a mobster and began a deadly game of cat and mouse. In this harrowing true-crime account, Anthony Bruno delves into the mind of a cold-blooded killer, chronicling the Iceman’s grisly crimes and probing the bizarre dynamics of Agent Polifrone’s dangerous liaison with him. For as Polifrone carefully built up a case against Kuklinski, he knew he was running out of time—because the Iceman was planning to kill him too. “Bruno puts his writing talents to white-knuckle use with a tight focus on a killer with no human feelings.”—Kirkus Reviews “Excellent . . . [re-creates] the tension and stress Polifrone experienced in fulfilling his risky undercover assignment.”—Publishers Weekly

The Winds of War

Lexi Torres’s parent have a strict no dogs rule, but when the mysterious pet store Power’s Pet opens in town, Lexi wonders if they will change their mind because there is something special, even magical, about its pet.

William Heirens the True Story of the Lipstick Killer

Abduction. Rape. Murder. Multiple assaults. Three dead teenage girls. A pair of criminals. But which one was the killer? This graphic account of convicted killers, Paul Bernardo and Karla Homolka, shows that in some relationships, neither party is the “better half.” Both halves of this Canadian couple add up to one evil story. A story too shocking to believe, but the truth, especially true crime, is all too often stranger and more gruesomely horrific than any mere work of fiction. Weaving a tale of innocent victims who were terrorized, sexually assaulted and murdered, this true-crime thriller details the crimes and takes an in-depth look at the perpetrators. Criminal profilers have found when killers work in tandem; often they are designated as the “leader” and the “follower.” Readers are invited to draw their own conclusions as to which one of the deadly duo was the manipulator and who was being manipulated. Dubbed the “Ken and Barbie Killers” by the media, Paul and Karla’s pink dream house became a place of nightmares. Get a copy today and discover the shocking confession that causes their world to fall apart like a house of cards and reveals that this “perfect couple” is in fact perfectly evil.

Harold Shipman

Like no other masterpiece of historical fiction, Herman Wouk’s sweeping epic of World War II is the great novel of America’s Greatest Generation. Wouk’s spellbinding narrative captures the tide of global events, as well as all the drama, romance, heroism, and tragedy of World War II, as it immerses us in the lives of a single American family drawn into the very center of the war’s maelstrom. The Winds of War and its sequel War and Remembrance stand as the crowning achievement of one of America’s most celebrated storytellers.

Serial Killer Trivia

The prostitutes working New York City’s Times Square were more than a little bit nervous. A deranged serial killer who apparently melted into the crowd was picking up hookers and sadistically torturing them, leaving some girls wondering if there was a real-life Dr. Frankenstein out there attempting to create his own personal plaything from pieces of his dismembered victims. Some working girls were butchered in seedy hotel rooms, their heads, hands or breasts sliced off, their remains then set ablaze in an effort to dispose of any incriminating evidence. Others narrowly escaped death, but only after
enduring hours of terrifying torture that included brutal bite marks, surface knife slashes and stab wounds that all served as bloody foreplay for frenzied sexual assaults. Survivors were found bleeding and delirious, unable to remember much due to the cocktail of drugs they’d been given by their assailant. But their bodies told a horrific story that was almost worse than death, and the sadistic calling cards left by the serial killer would eventually tie together victims in this true crime murder spree that crossed two states. It wasn’t until one victim’s screams grew loud enough that Richard Cottingham, an American serial killer who was part narcissist, part sadist and part evil, was finally caught by police as he fled his hotel room carrying his bag of torture devices. His capture allowed them to close the books on some of the most horrific murder cases in U.S. history. This serial killer biography not only unveils Cottingham’s sick, twisted crime spree, it also delves into the murderer’s psyche, attempting to reveal why an insurance company IT guy’s seemingly normal life would devolve into madness. Among true crime stories, Richard Cottingham's is particularly brutal, and will likely make you look twice at your own cowokers, and wonder what sick secrets they might be keeping.

Serial Killers

A re-discovered masterpiece of reporting by a literary icon and a celebrated photographer In 1941, James Agee and Walker Evans published Let Us Now Praise Famous Men, a 400-page prose symphony about three tenant farming families in Hale County, Alabama, at the height of the Great Depression. The book shattered journalistic and literary conventions. Critic Lionel Trilling called it the “most realistic and most important moral effort of our American generation.” The origins of Agee and Evans’s famous collaboration date back to an assignment for Fortune magazine, which sent them to Alabama in the summer of 1936 to report a story that was never published. Some have assumed that Fortune’s editors shelved the story because of the unconventional style that marked Famous Men, and for years the original report was presumed lost. But fifty years after Agee's death, a trove of his manuscripts turned out to include a typescript labeled “Cotton Tenants.” Once examined, the pages made it clear that Agee had in fact written a masterly, 30,000-word report for Fortune. Published here for the first time, and accompanied by thirty of Walker Evans’s historic photos, Cotton Tenants is an eloquent report of three families struggling through desperate times. Indeed, Agee's dispatch remains relevant as one of the most honest explorations of poverty in America ever attempted and as a foundational document of long-form reporting. As the novelist Adam Haslett writes in an introduction, it is “a poet’s brief for the prosecution of economic and social injustice.”

Murder, Interrupted

The gripping tale about two boys, once as close as brothers, who find themselves on opposite sides of the Holocaust. "A novel of survival, justice and redemptionriveting." —Chicago Tribune, on Once We Were Brothers Elliot Rosenzweig, a respected civic leader and wealthy philanthropist, is attending a fundraiser when he is suddenly accosted and accused of being a former Nazi SS officer named Otto Platek, the Butcher of Zamosc. Although the charges are denounced as preposterous, his accuser is convinced he is right and engages attorney Catherine Lockhart to bring Rosenzweig to justice. Solomon persuades attorney Catherine Lockhart to take his case, revealing that the true Platek was abandoned as a child and raised by Solomon's own family only to betray them during the Nazi occupation. But has Solomon accused the right man? Once We Were Brothers is Ronald H. Balson's compelling tale of two boys and a family who struggle to survive in war-torn Poland, and a young love that struggles to endure the unspeakable cruelty of the Holocaust. Two lives, two worlds, and sixty years converge in an explosive race to redemption that makes for a moving and powerful tale of love, survival, and ultimately the triumph of the human spirit.

The Iceman

When Chris Bryson was discovered nude and severely beaten stumbling down Charlotte Street in Kansas City in 1988, Police had no idea they were about to discover the den of one of the most sadistic American serial killers in recent history. This is the true historical story of Robert Berdella, nicknamed by the media the Kansas City Butcher, who from between 1984 and 1988 brutally raped and ultimately dismembered 6 young male prostitutes in his unassuming home on a quiet street in Kansas City. Based on the actual 720 page detailed confession provided by Berdella to investigators, it represents one of the most gruesome true crime stories of all time and is unique in the fact that it details each grizzly murder as told by the killer himself. From how he captured each man, to the terrifying methods he used in his torture chamber, to ultimately how he disposed of their corpses - rarely has there ever been a case where a convicted serial killer confessed to police in his own words his crimes in such disturbing detail. Horrific, shocking and rarely equaled in the realms of sadistic torture - Berdella was a sexually driven lust killer and one of the most sadistic sex criminals ever captured. Not for the faint of heart, this is the tale of Robert "Bob" Berdella, the worst serial killer in Kansas City History and for those that are fans of historical serial killers, is a true must read.

The First Stone

In the early 1940s, the city of Chicago was in the midst of a one man crime wave. But this crime wave was unlike any other in Chicago history. It was not perpetrated by a seasoned gangster like Al Capone or sophisticated serial killer like John Wayne Gacy; the offender in question was an unassuming teenager named William George Heirens. Before Heirens' crime spree was over, he burglarized over 300 hundred homes and murdered three innocent people. In this true crime murder book you will learn the details of Heirens' rampage through the city of Chicago and what drove him to become one of the most disturbed psychopaths and sociopaths in the annals of all true crime stories. At first glance, as an American serial killer, Heirens may not appear as formidable as others since he only claimed three victims. He was also much younger the average serial killer and was a nice looking young man when he was arrested. But the truly frightening aspect of Heirens' story is how a seemingly normal child, with a stable home, can evolve into a petty criminal and eventually to the status of serial killer. A close examination of Heirens' life will reveal that beneath the facade of normalcy lurked a vicious killer waiting to be unleashed on the hapless citizens of Chicago. This book will at times shock and disturb you, but you will not be able to put it down once you read the first page! Truly, you will see a youth who was well on his way to becoming a killer at an early age. So sit back and prepare to enter the mind of a truly disturbed youth as you read this unique Chicago serial killer's biography.
Real Wars on Virtual Battlefields

On 29th February 2000, John Price took out a restraining order against his girlfriend, Katherine Knight. Later that day, he told his co-workers that she had stabbed him and if he were ever to go missing, it was because Knight had killed him. The next day, Price didn't show up for work. A co-worker was sent to check on him. They found a bloody handprint by the front door and they immediately contacted the police.

The local police force was not prepared for the chilling scene they were about to encounter. Price's body was found in a chair, legs crossed, with a bottle of lemonade under his arm. He'd been decapitated and skinned. The "skin-suit" was hanging from a meat hook in the living room and his head was found in the kitchen, in a pot of vegetables that was still warm. There were two plates on the dining table, each had the name of one of Price's children on it. She was attempting to serve his body parts to his children. Man-Eater is a dramatic and gripping account of the first women in Australia to be given a life sentence without parole and a special addendum 'never to be released'. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victim and has all the elements of a classic thriller. *CAUTION: This book contains descriptive accounts of abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further

Richard Cottingham

As seen on Discovery's Murder is Forever TV series: In these two true crime thrillers, a reluctant hitman and a cheating husband fight for their lives . . . and a single mother exacts her revenge. In Murder, Interrupted, rich, cheating financier Frank Howard wants his wife dead, and he's willing to pay Billie Earl Johnson whatever it takes: $750,000, to be exact. When his bullet misses the mark, Billie Earl and Frank will turn on each other in a fight for their lives . . . Mother of All Murders is the story of local celebrity Dee Dee Blanchard. Television reports praise her as a single mother who tirelessly cares for her wheelchair-bound, chronically ill daughter. But when the teenaged Gypsy Rose realizes she isn't actually sick and Dee Dee has lied all these years, Gypsy Rose exacts her revenge . . .

Serial Killer Coloring Book

A Murder in Music City

Pedro Lopez liked hosting tea parties, with corpses as his guests. Daniel Camargo sought out virgins, and took both their virtues and their lives. Luis Garavito became sadistically violent after years of sexual abuse. In Colombia in the 1970s, '80s and '90s, these three monsters cut a swath of terror across a country already ravaged by poverty as well as the casualties of the region's powerful drug cartels. The three are among the most prolific serial killers in the world, and incredibly are believed to be responsible for nearly 1,000 murders of young boys and girls whose positions on the lower rungs of society's ladder made them especially vulnerable. These true accounts of Colombia's most sadistic of sex criminals reveal the awful price they forced the most innocent of victims to pay when their childhood betrayals turned to uncontrollable rage. These chilling true crime stories are the stuff of nightmares, and if you're not left shattered by the sheer number of victims - you'll reel when you learn how little time these madmen served for destroying the lives of so many families already struggling with hardship. It's a serial killer biography that will not only leave you stunned, but also wondering if the infamous Pedro Lopez - released after serving less than 30 years - is still alive somewhere, holding macabre tea parties with his young victims.

Kiss of Death

The Briley Brothers: the True Story of the Slaying Brothers

A suspenseful memoir from the real life American gangster, Frank Lucas. In his own words, Frank Lucas recounts his life as the former heroin dealer and organized crime boss who ran Harlem during the late 1960s and early 1970s. From being taken under the wing of old time gangster Bumpy Johnson, through one of the most successful drug smuggling operations, to being sentenced to seventy years in prison, Original Gangster is a chilling look at the rise and fall of a modern legacy. Frank Lucas realized that in order to gain the kind of success he craved he would have to break the monopoly that the Italian mafia held in New York. So Frank cut out middlemen and began smuggling heroin into the United States directly from his source in the Golden Triangle by using coffins. Making a million dollars per day selling "Blue Magic"—what was known as the purest heroin on the street—Frank Lucas became one of the most powerful crime lords of his time, while rubbing shoulders with the elite in entertainment, politics, and crime.

After his arrest, Federal Judge Sterling Johnson, the special narcotics prosecutor in New York at the time of Lucas' crimes, called Lucas and his operation "one of the most outrageous international dope-smuggling gangs ever, an innovator who got his own connections outside the U.S. and then sold the narcotics himself in the street." This powerful memoir reveals what really happened to the man whose career was dramatized in the 2007 feature film American Gangster, exposing a startling look at the world of organized crime.

You Think You Know Me

This is the story of how on April 28th, 1996, a lone gunman with no warning, walked into a crowded cafe in the historical museum site of Port Arthur and opened fire on unsuspecting tourists with a semi-automatic assault rifle. By the time Martin Bryant's was captured nearly 24 hours later, his killing spree would claim the lives of 35 people and wound another 23 before he would finally surrender to Australian police. The massacre would become the most violent mass shooting in Australian history, committed by a 28 year psychopath with a long history of mental disorders including schizophrenia and depression. In this Australian true crimes investigative report, you'll relive the shocking true story of the Port Arthur Massacre including an in-depth analysis of Bryant's bizarre behavior leading up to his murderous rampage that killed men, women and children in cold blood. Written in vivid graphic detail, this is the story of the events that unfolded as told from the accounts of those that witnessed and survived one of the worst mass murders in Australian history.
